Business Leadership Development Program

- Top Global Business Competitions
- Exclusive Co-op Programs

Amberson High School's Business Leadership Development Program is designed for students aspiring to become business leaders. Students will engage in academic courses to learn core business theories and enhance their understanding through experiential learning, accumulating practical experience. This program aims to enable students to establish a solid foundation in business-focused knowledge and comprehensive skills before entering university.

The Three Pillars of Business Leadership Development Program

Academic Excellence

Career Development

Personal Growth

Academic Excellence

Discover global network by participating in top business competitions

- ▶ Pre-learning Business Knowledge, including economics, accounting, international trade, and management.
- ▶ Free After-school Tutoring Opportunities, assisting students in resolving classroom doubts and steadily improving subject grades.
- ▶ Completing the required 12th-grade courses for university applications a semester in advance, enhancing chances of admission to world-renowned institutions.
- ▶ Participating in various academic competitions:

North American Business Competition

One of the largest high school business leadership education organizations in North America.

FBLA National Economics Challenge (Business Planning)

Known as the "Business Olympics."

Canada National Leadership Conference

Webinars hosted by professionals from the business industry and FBLA alumni.

Ivey High School Case Competition

One of the most prestigious and long-standing business schools in North America.

Fuse Challenge Case Competition

Canada's largest-scale case competition.

University of Waterloo

Math Contests: Fermat / Hypatia for G11 students
Euclid Mathematics Competition for G12 students

Career Development

Develop must-have skills
for the future workplace

Learn Business Skills Every Professional Needs

- ▶ Improve professional accomplishments in leadership, public speaking skills, organizational and time managerial capabilities.

Toastmasters Youth Leadership Program

The program emphasizes hands-on learning to enhance essential skills.

- ▶ Obtain Office Skills Certification.

Google Cloud Digital Leader Certification

Learn cloud technology concepts and use Google Cloud products and services to achieve digital transformation.

- ▶ Learn how to write a CV and skills for interviews

TED Ed Student Talks

TED Ed Student Talks

Learn public speaking skills and elevate presentation abilities through this course.

Microsoft Office Specialist Certification

Demonstrate the necessary office skills required for exceptional business professionals.

Amberson Co-op Programst

Amberson Co-op Programs is a cooperative education initiative where tudents engage in real-world work experiences, including job selection, interviews, job confirmation, and completing tasks. Throughout the work period, students merge theoretical knowledge with practical application through observation and hands-on assistance, honing their skills and exploring career paths comprehensively.

Schedule

- ▶ Last semester of 12th grade, spanning 2 months; 4 days per week, from 9 AM to 4 PM.
- ▶ Cooperative Education Internship Skill Development Course: Return to school five times a week for work summaries, discussing encountered challenges, brainstorming solutions, and composing weekly internship reports.

Internship Project Work Categories

BBB4M	Import & Export Company Assistant
BOH4M	HR Department/Project Management
BAT4M	Banking Assistant/ Accounting Department Assistant
CIA4U	Assistant to Stock Broker

*In these roles, students will engage in real-world work experiences that align with their academic studies, fostering a practical understanding of their chosen fields and enhancing their skills.

Personal Growth

Achieve self-improvement and
personal growth

- ▶ Run for Student Council Elections: Participate in student council activities, enhance teamwork, organizational skills, and creativity.
- ▶ Engage in Long-Term Community Service: Understand the characteristics of various social groups, especially the needs of vulnerable communities, through extended volunteer activities. Learn the spirit of service and giving back.
- ▶ Take Professional First Aid Courses: Learn essential first aid skills and obtain certifications in First Aid and CPR, enhancing safety knowledge and emergency response capabilities.

First Aid Certification

Provided by the Lifesaving Society, this certification is recognized by the Workplace Safety and Insurance Board (WSIB) in Ontario.
